ADMINISTRATION
AND FACULTY

John H. McDonnell O.S.A.

President

To the Senior Class,

It is with mixed emotions that we take any new and larger step along our search through the mysterious paths of our lives. Hopefully we have all grown through our association, our misunderstandings and disagreements, our sharing and searching, our quest for the meaning of our lives, for the identity which is ours, for the proper role of Biscayne College in our lives and in the world.

Biscayne has gone through much the same turmoil and uncertainty with which any man faces his four years of college. Just as each of you has, so also Biscayne has faltered, responded with varying degrees of certainty and creativity, with more vision now than four years ago . . . or even one year ago . . . with determined and searching attempts to meet the needs of a rapidly expanding age. We can say one thing, at least, of our years together, we have tried and tried together. Together we have grown and matured and come closer together in striving for our place in the sun.

Now that you are graduating into the world, you must continue to grow just as Biscayne must. It is my hope that we may do so together still, sharing our search, helping each other to meet the goals we have set for ourselves and to expand the horizons which we have settled upon.

On behalf of Biscayne College Community I give you my congratulations and wish you all the success in the years to come.

Sincerely yours in Christ,

A handwritten signature in cursive script that reads "John H. McDonnell". The signature is written in dark ink and is positioned above the printed name.

Madam Vargas

LOGOS '71 Proudly Salutes . .

Dear Madam Vargas, a compassionate person and teacher,

Many people enter our life and according to the time and event have different effects on us. Teachers are a group of people whose very vocation calls on them to reach out and to lead, to touch, to change the student. Madam Vargas, you are one of many teachers, that we will meet during our school experience. But you are also one of those special few whose effect will be more than just for the moment. This is impossible to measure — this change, this impact, that you effect on your students; but we only have to ask ourselves are we different because of the experience of meeting you Madam Vargas. To this we must emphatically say yes.

In peace,

Your Students
