Biscayne - In the making

“Only the beginning . . . of what I want to feel for ever.”

In Loving Memory of

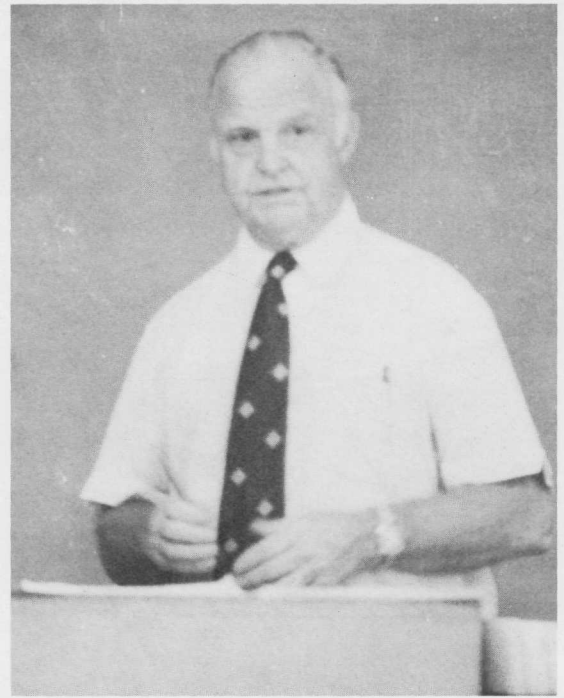

Fleeter Lang

The Logos Staff dedicates this page of its Yearbook to Fleeter A. Lang. Thoughts and images which have been deeply imprinted in us are awakened and enhanced by her picture. Fleeter was a part of us all. Dedicated to a life of service and high ideals, she always found time for the needs of others; her Memorial Plaque in the College Bookstore appropriately reads: "To one who gave so much of herself to so many of us."

We all learned so much from Fleeter. She was a guiding spirit for many of us and though she passed among us only briefly, her spirit still prevails. We see it both in the people and in the things that she touched during her years at Biscayne. What we learn in pleasure we never forget, and thus it is that Fleeter lives on in our own lives. We cherish her memory.

Dedicated
to
Albert W.
Twitchell

“It is such experiences - the sea, the woods, the excitement of watching an honest game, the dance of life - that have kept me interested in sports. I want our country to protect and augment, and make available such experiences to others. For it is the enlarging of the human adventure that sports are all about.”

James A. Michener
Sports In America

As Director of the Sports Administration Department, Albert W. Twitchell has brought the true meaning of “Sports in America” to the young men and women of Biscayne College. Mr. Twitchell has instilled the honor of competition and the thrill of victory in every life he touches.

The staff of the 1979 Biscayne College Logos, along with every student whose life he has touched are proud to dedicate this book to a man who has given so much so we may learn, feel and experience. Thank you Mr. “T”.

President's Letter

BISCAYNE COLLEGE

16400 N.W. 32nd Avenue Miami, Florida 33054
(305) 625-6000

Dear Graduate:

The first stirrings of change have come to Biscayne. You need but look back over your last year to see the emergence of a new - a different - Biscayne.

You have contributed to these changes, to this new Biscayne. You, with your dreams of youth, with your zest for living, with your craving to be about the business of fulfilling your role, have dictated most of the changes you see about you. And there will be more changes. But these changes are changes of form - not of substance.

The educational objectives of Biscayne have not been altered. The fundamental objectives of education are constant. What does change - and this changing alters with it man's whole approach to living - are the methods used to attain the ends for which the College was created.

Improvement - not all change is improvement - at Biscayne has been brought about not so much by extrinsic, but rather by intrinsic factors: incentive, identifiable goals set by the individual as his benchmark, and determination to succeed.

These are the marks you have imprinted on Biscayne. You are on the verge of knowing. You must now cross this psychological threshold and make your mark in a world desperately lacking, even despairing of finding men with incentive, identifiable goals, and determination.

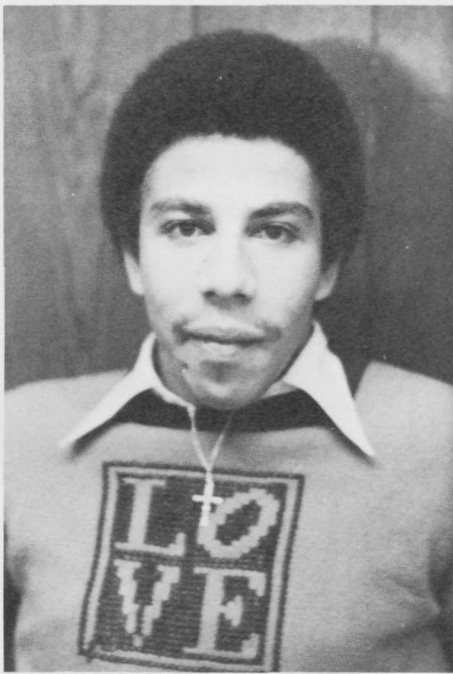

Good luck and God bless you.

Sincerely,

Rev. John J. Farrell, O.S.A.
President

To you Biscayne, we sing our song of gladness
To be a part of your great honored name.

Here in the land so rich with ancient memories
Of peoples from so many native lands.
Bless this our home and loving Alma Mater
And make us true to her great heritage.

Born in the light of noble Saint Augustine,
Her teachings stand like beacons on our shores

Leading us to a life of love and service
No matter where our feet will tread anew.
Keep live in us the memories now we treasure,
And bring us all to our eternal home.

What greater or
better gift . . .
