# EVERYBODY HAS A DREAM

By Billy Joel

I know that everybody has a dream  
Everybody has a dream  
And this is my dream, my own  
Just to be at home  
And to be all alone . . . with you.

## BISCAYNE COLLEGE

16400 N.W. 32nd Avenue Miami, Florida 33054  
(305) 625-6000

May, 1980

Dear Graduate:

You and I share something in common in this, your graduation, year. Both you and I leave Biscayne for other fields of endeavor: You to face your future in the area of your acquired expertise while I will move on to other duties as a priest of the Augustinian Order.

You and I have shared many experiences here at Biscayne - some memorable and some not quite so memorable. But both you and I are surely the better for these experiences.

You have seen Biscayne grow and take on new dimensions. You have been an integral part of this growth, for growth is not measured solely by increased numbers of students, more faculty and staff, or even additional buildings. Your growth - spiritual and mental - is also an intrinsic part of the College's growth, for a college grows with its students.

I have been privileged to watch over the growth of both you and the College. I am proud of both - you and Biscayne will always be associated with a very warm and pleasant period of my life.

May God bless both of you and may you both prosper.

Sincerely,

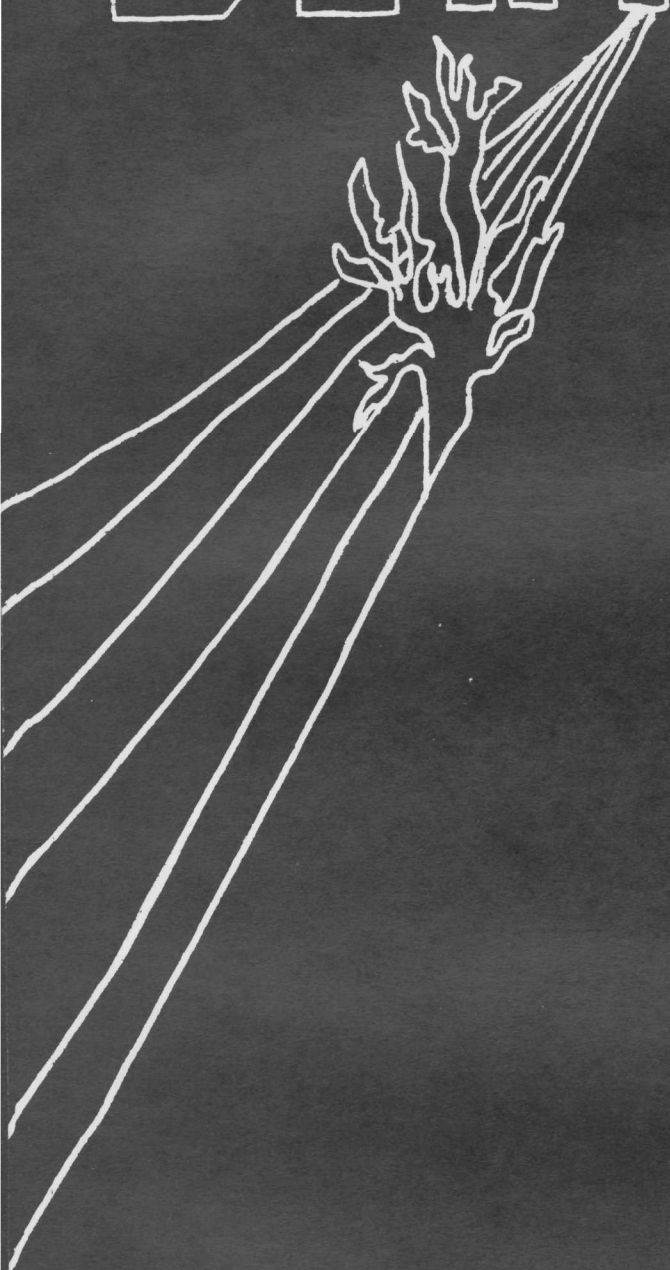

Rev. John J. Farrell, O.S.A.  
President

# EDITOR'S NOTE

Dedicated people are those who are willing to put in hours of hard work and perseverance in order to achieve their desired goals. They are people with a vision.

Biscayne College has been fortunate enough to have several of these dedicated individuals over the years. Logos has decided to break tradition and salute this kaleidoscope of hard working people, rather than just one individual.

As Biscayne College has progressed, so has its students and faculty. We have rallied around the cause of higher education and dedicated ourselves to making Biscayne College an educational mecca. Our futures are limitless as long as we learn never to give up when the road gets a little rough and the horizon a little dim.

This dedication is an inspirational plea for achievement. It is a prayer that everyone may be happy and successful. It is a hope for future generations.

We, the Logos Staff, have put in countless hours assembling our own special achievement. Though understaffed and underbudgeted, we stood by something we believed in. Our faith and dedication were truly tested, but never did we give in.

Dedication is a resource within all of us that needs to be tapped. We, at Biscayne College, must all pull together and work towards a common goal. Only through dedication can we attain this goal.
