## BISCAYNE COLLEGE

16400 N.W. 32nd Avenue Miami, Florida 33054  
(305) 625-6000

May, 1981

Fellow Graduates of the Class of 1981

Dear Friends:

Special warm greetings to each of you as you celebrate your graduation from Biscayne College. On behalf of the Augustinian community and the college community we promise you our prayers, support and encouragement. All of us have a commitment in your future. We thank you for the influence your lives have had at Biscayne.

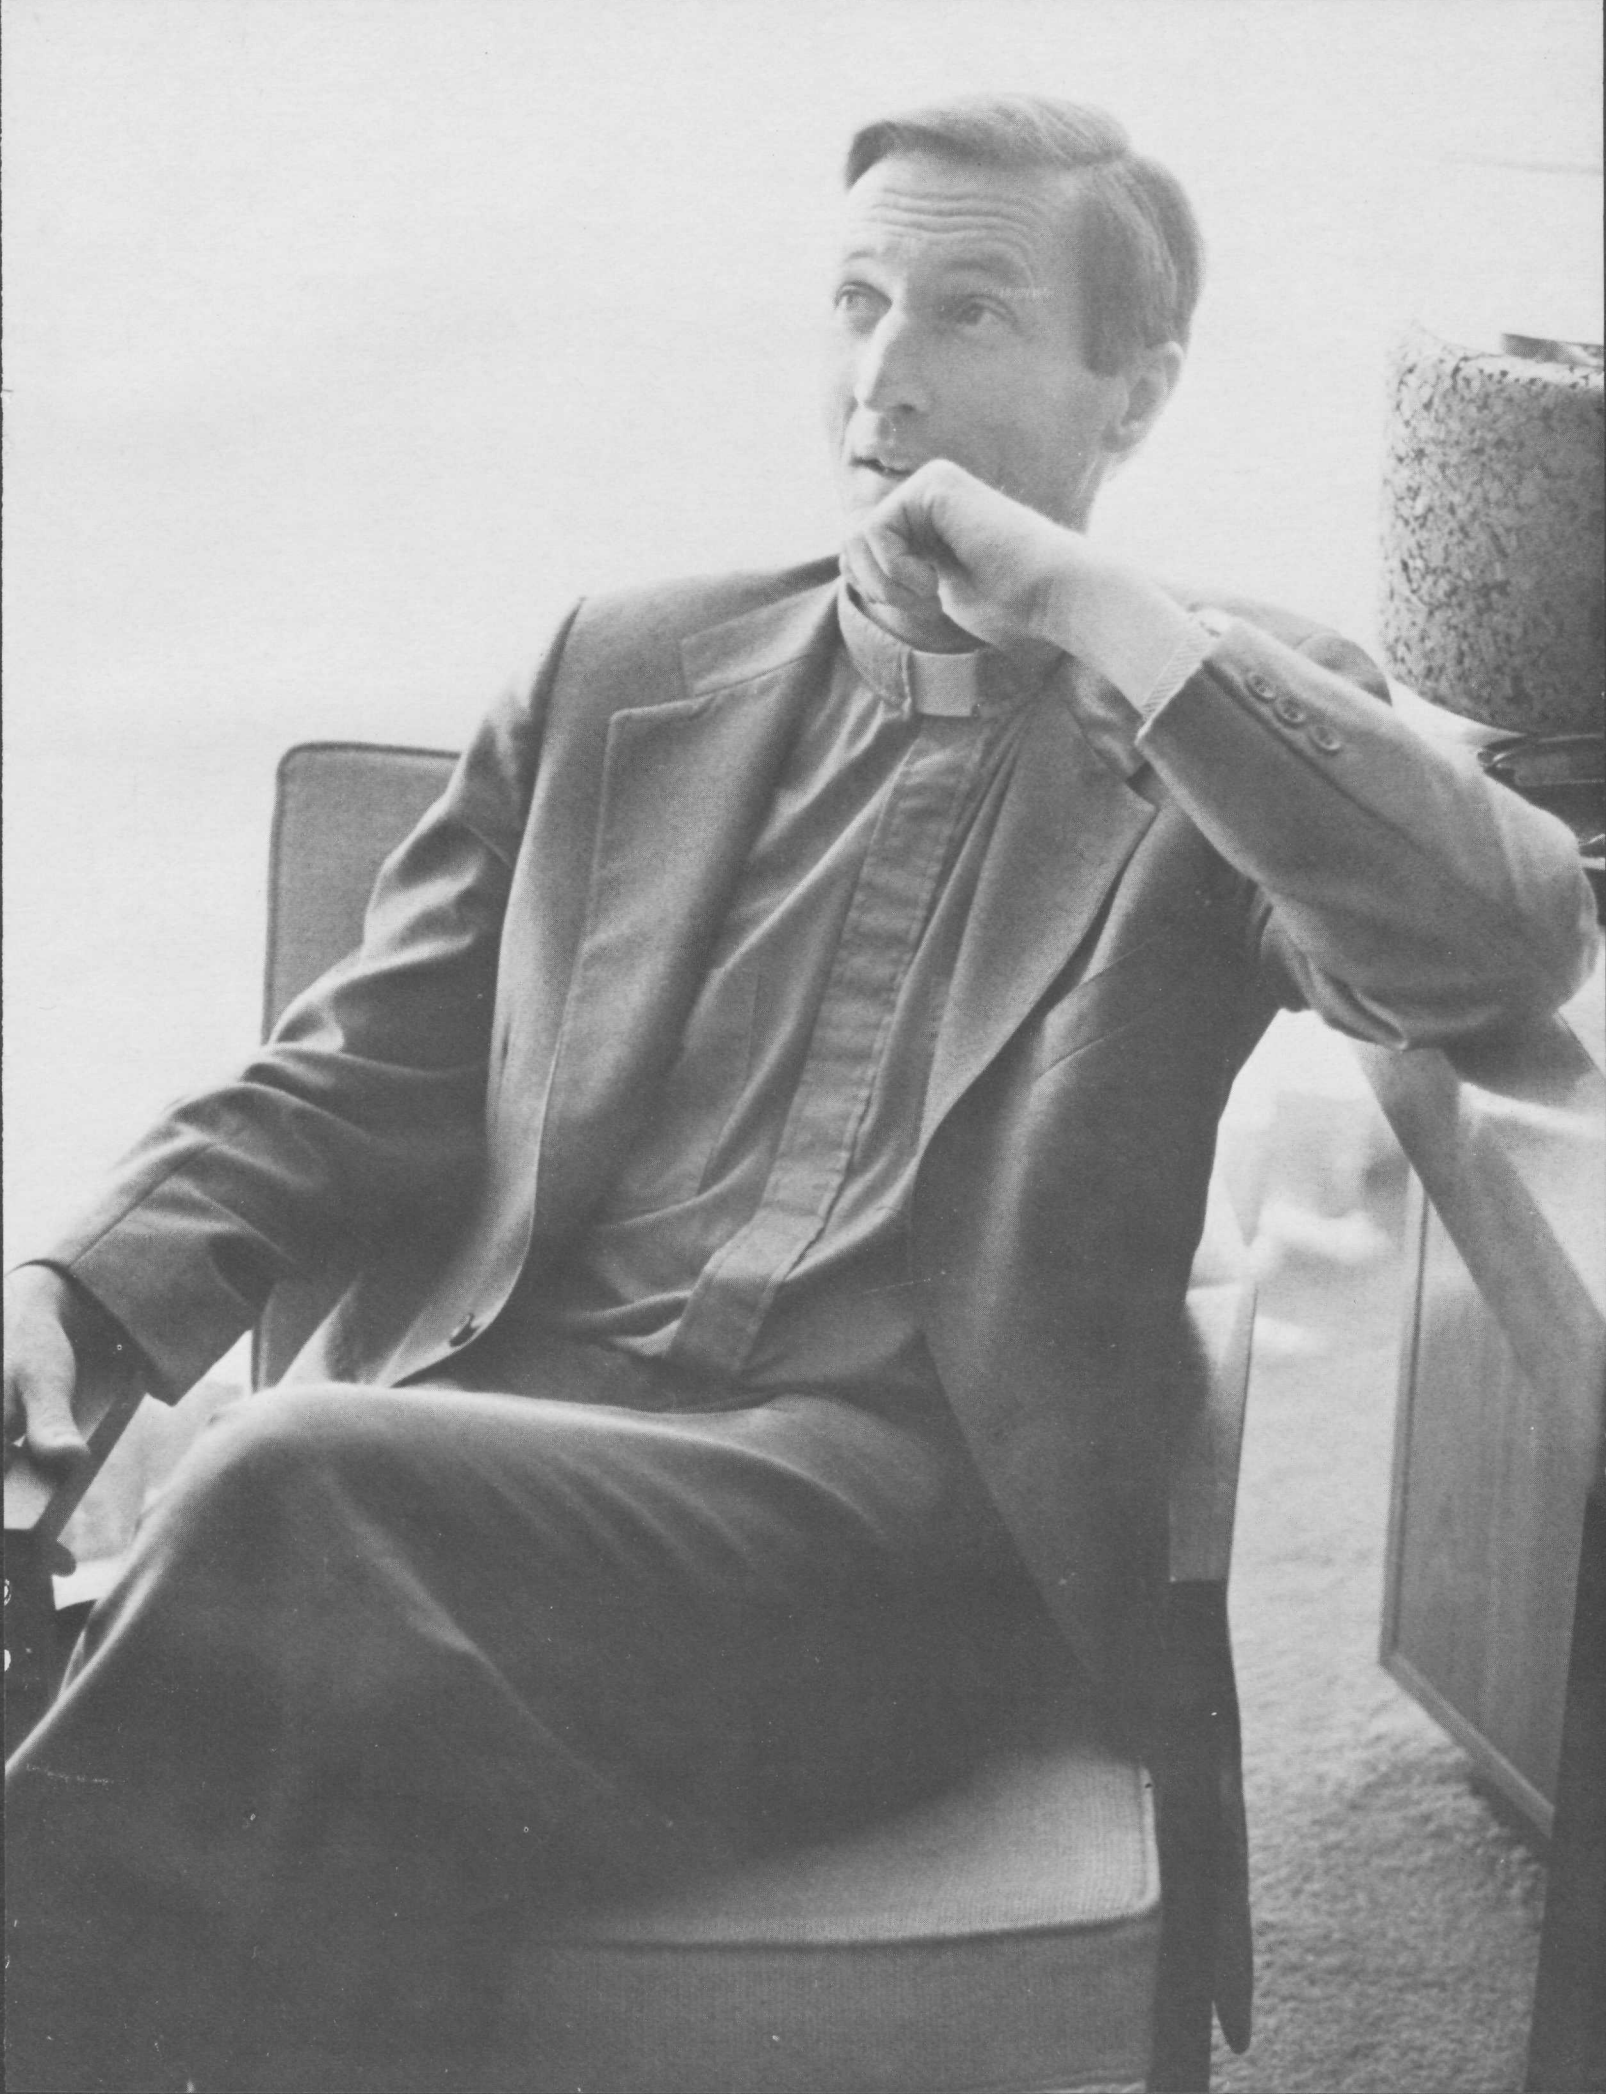

We shall always in some ways be dependent on each other: the College's reputation is so largely based on the performance of its graduates and they in turn are so often judged in terms of the college they attended. It is imperative for each of us to grow in excellence.

Your new career, whatever it may be, will certainly offer many challenges. May they be exciting and may your acceptance of them be rewarding. Among the things stressed during our years here none was more important than the idea of the community of persons under the Fatherhood of God. If you keep this idea before you, you will inevitably devote yourself to the service of both God and others; you will recognize the rights of each and trespass against neither. It is my deep hope that during your years here each of you became a better person and that we have become a better school for having had you here.

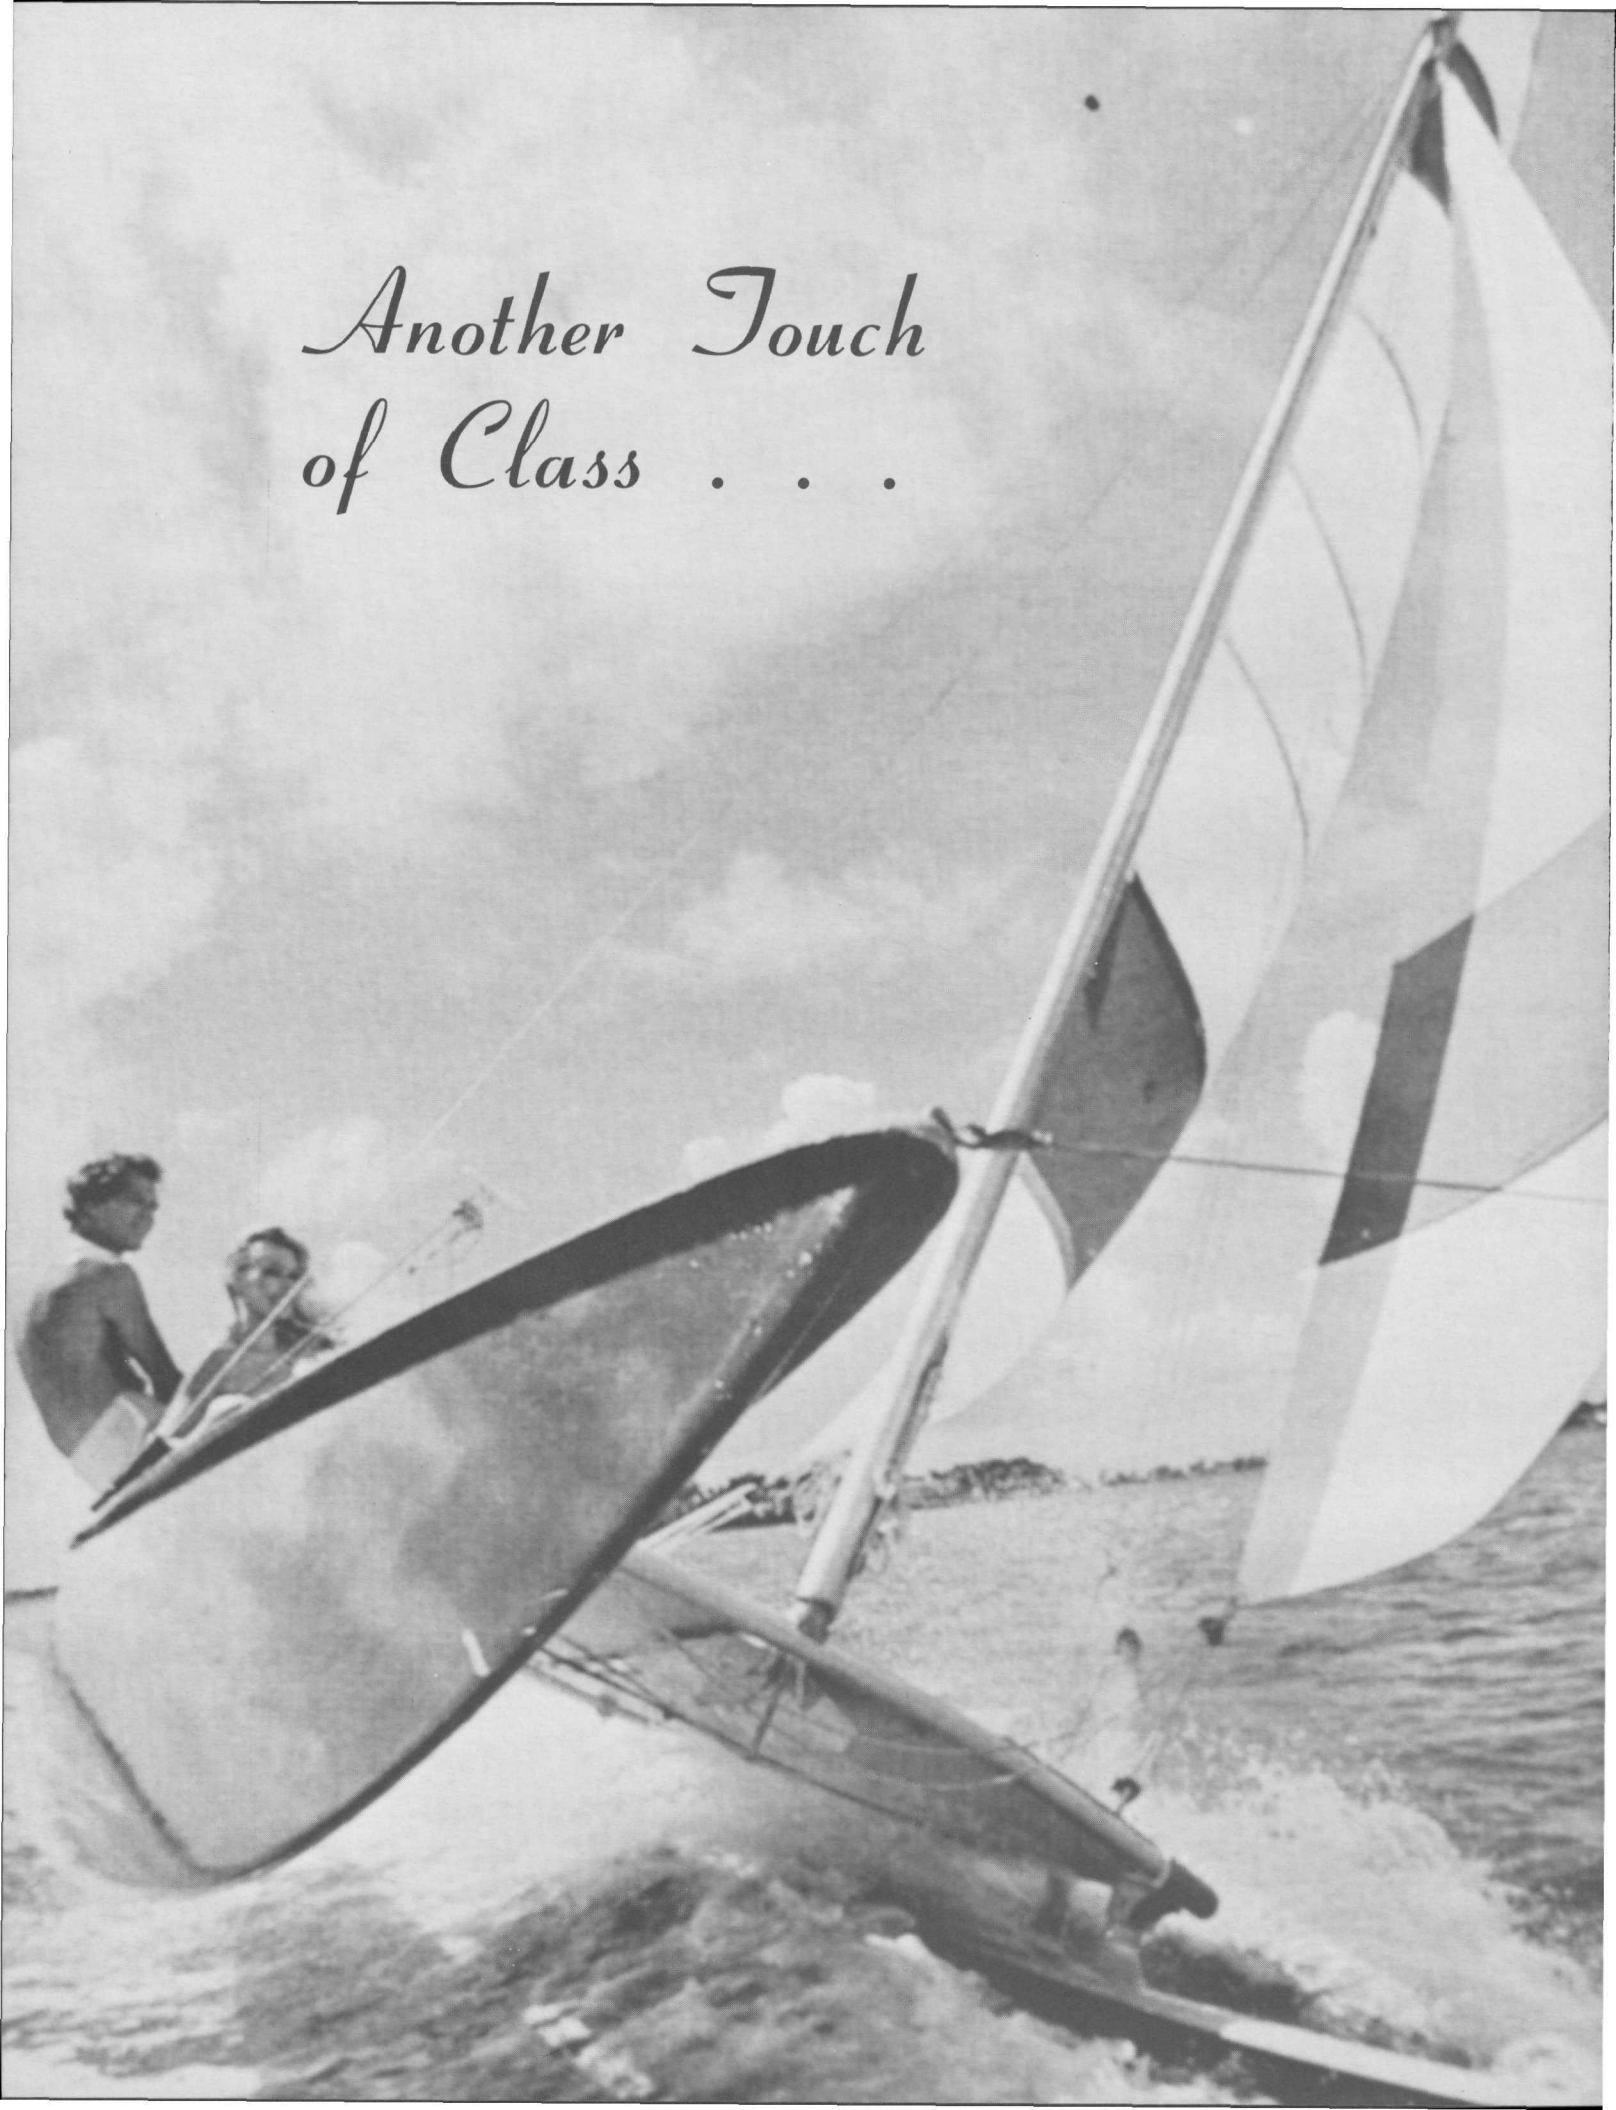

Your friend,

A handwritten signature in cursive script that reads "J. Pat". The letters are fluid and connected, with a prominent loop on the 'J' and a trailing flourish on the 't'.

Rev. Dr. Patrick H. O'Neill, O.S.A.  
President

# Orientation And Registration

Orientation began by receiving new students at the Miami International Airport. The first day students picked up their class schedules, went to the Financial Aid Office, and then went to room 219, to settle their balances at Biscayne College. After they had completed this process, they had their pictures taken at the New Classroom Building 1 for the I.D. pictures. At NCB 2 they paid \$15.00 for their college parking permit. On the second day students went to the Center for Continuing Education. There they listened to important information from representatives of various offices, such as Student Affairs, Campus Ministry, Job Placement, and Financial Aid. Thursday, September 4, the day before classes began, students took the Stanford Achievement test. It consisted of two english and two math tests each ranging from thirty to forty minutes long. After a short break, students were given a personality test, followed by a career profile questionnaire.

*Look Ma, no hands!*

## *Sailing Trips*

*This year, once again, Biscayne students have had the pleasure of having sailing trips on their list of extra-curricular activities. At nine in the morning, students are brought to Harbor Island. From there, they sail away for the rest of the morning, until four in the afternoon. This year the college has sponsored five sailing trips. Each trip itself is a magnificent value, costing only five dollars per person. Students bring their own food and drinks, and enjoy themselves tremendously.*

# The Main Event

The Biscayne College Main Event was held on October 17, 1980, and there are T-shirts to prove it. It was a fun filled night with beer, wine and bagels. There were many scheduled events. In the shopping cart relay race two residents from each hall pushed each other in the carts, then in the middle of the race, changed positions and clothes to continue. Later at the pool the greased watermelon contest turned out to be slippery when wet. After that all the halls battled against each other in the tug of war while Brad Williams stood at the center line with his water hose. The losers were honored by being hosed down. Downstairs Casia South took the victory, and stayed dry. Finally, the egg connoisseurs gave our eggs four stars when they competed to see who could eat the most eggs in only three minutes. For a trip to the Bahamas, it was worth it.

# Disney World Trip

On a moist, chilly, Saturday morning, two busloads of students left Biscayne from the parking lot facing Cascia Hall; for a day full of pleasure at Disney World. That day happened to be the opening day of Big Thunder Railroad, the newest Disney attraction. Big Thunder was a rocky ride, but a very enjoyable one. Space Mountain was still as heart stopping as ever, and such rides as Grand Prix Raceway and Pirates of the Caribbean were also terrific. The trip was probably one of the best buys of the year. Coming back was a great mixture of conversation, songs, and drinks, reviving within us the rowdy and rollicking spirit of Disney World.

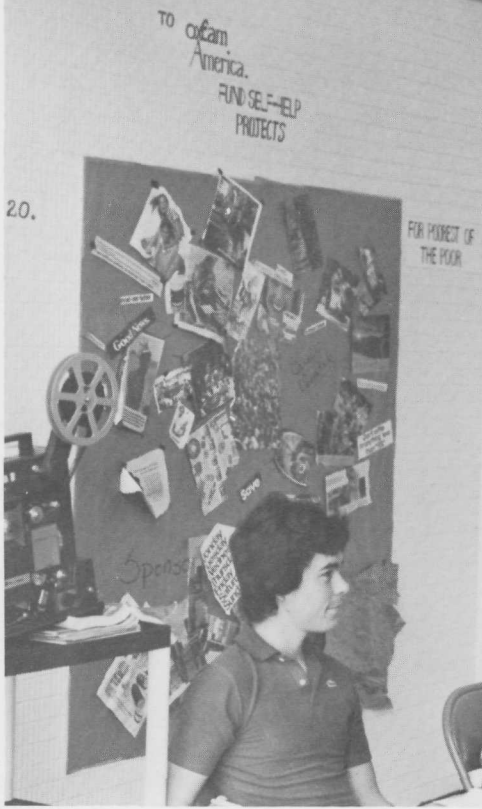

*All I did was kiss Minnie Mouse!*

*A view of the Magic Kingdom.*

*Who went to Disney World? We did!*

Fast FOR A DAY

**Fast For A World Harvest**

The Fast for a World Harvest was organized by the Campus Ministry Center in coordination with Oxfam America, an international organization. The chairman of Biscayne's Fast for a World Harvest Drive was Alfred Williams, a student from Jamaica. The idea behind the drive was to get the Biscayne Community to fast for a day. On November 20, colleges across the country also participated in the fast. The drive raised over \$600 and was a great success, considering this was the very first one held at Biscayne. Half of the money was donated to help the poor children at St. Monica's Elementary School. The other half was given to Oxfam America, to help provide technological aid to farmers in Somalia, East Africa.

**Bahamas Trip**

Forty Biscayne students, and some members of the faculty enjoyed the Caribbean mystique and excitement this year when they went to the Bahamas. The trip, which was an evening consisting of a show and 2 drinks, left most students delirious with joy. Mary Manella says the trip was magnificent and enjoyed the show very much. Everyone had the most fun in the casinos, where they had a firsthand experience with Lady Luck. The entire trip cost only fifteen dollars including the show, and the guided tour. Other expenses were the taxi fare and a small \$4.00 tax per person. Overall, between the gala show, and the casinos, an atmosphere of enjoyment was created for all.

**Blood Drive**

The Blood Drive was sponsored by the U.S.G.A. The John Elliot Blood Bank came and nearly 100 people stopped by to donate some blood. Unfortunately a few were turned down for various reasons, but the blood bank was grateful to them for trying. For those who for any reasons, including fright, could not donate their blood, they will probably have another chance next year.

Just a part of being U.S.G.A. president.

# Band Day

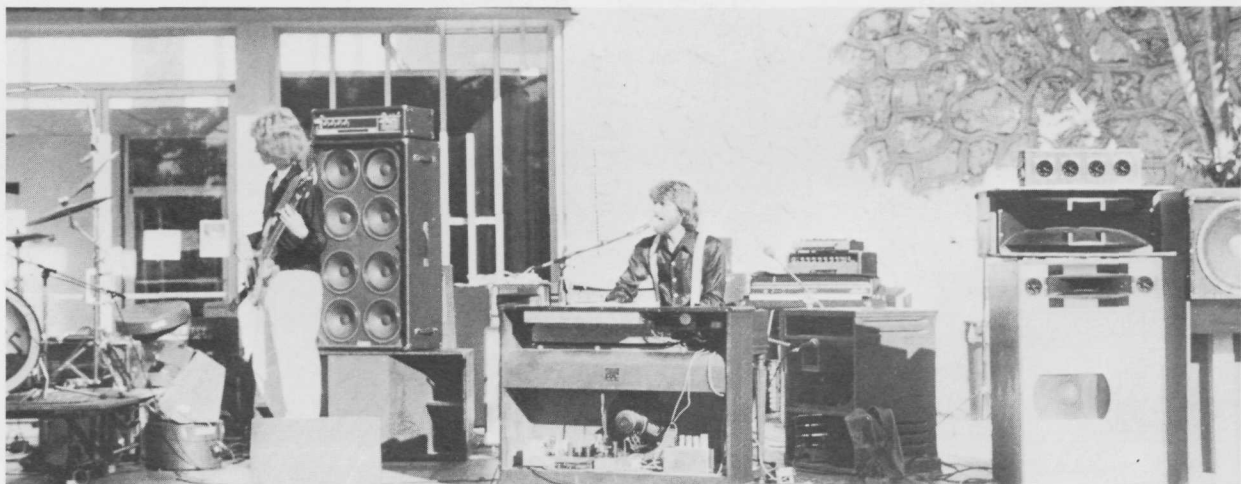

Burt Compton Music Enterprises provided five bands for Biscayne's Band Day this year. Held on the west side of the Kennedy building, the show lasted from noon to five p.m. Over 300 people came to see the bands, among which were the Heroes, Carousel, Unit III, and Break of Day. Students from Barry College and some students from various high schools also came. There were hot dogs and drinks available for all.

Unit III impress everyone with their musical talents.

The Heroes' drummer drums away at Band Day.

# Dances

This year there were twelve dances sponsored at Biscayne College. The dances were free admission and the only cost to students was that of beers, wine, or sodas. Some dances had live bands, other had D.J.'s. The music varied from rock and roll, to reggae and disco.

# Talent Show

The talent show was organized by Andre van Meeteren, and emceed by Richard Raleigh. The show consisted of dancing, singing, an act, and plenty of laughter. The act was Lynn Williams' rendition of the "Three Blind Mice". The singing brought out such stars as Butch Di Orio's version of "Put Your Head On My Shoulder" and Rick Johnson's "Rapper's delight". Dan Le Blanc sang "I Like My Beer" and "Put Another Log On The Fire". Ann Elliston and Julie Rodriguez sang "The Rose" and "Will You Love Me Tomorrow". Sherry Clarke sang "I Don't Know How To Love Him". The dancing came from Gerry Cruz and Cynthia Williams' "Souvenirs and Drum Rythms". Finally, when the dust had settled, Butch won first place, and Rick placed second in the talent showdown.

Andre didn't sing, he danced.

# Campus Ministry Center

*The Campus Ministry Center, in the midst of the "everyday hustle" provides a quick escape into a friendly atmosphere. Every individual, student or community member, needs some aid from time to time. Whether the cure be a cup of coffee, a soft chair or an understanding person to talk with, the center is open to serve. Father Gerard Shaw, O.S.A., the Director, and Sister Dorothy Dawes are always ready to listen. To "gather the folk, break the bread, and tell the story" has been adopted as the center's motto. In accordance with this verse, liturgical services are held daily. Other events are also held in the center, such as the T.G.I.F. gatherings each Friday for faculty and staff.*

# Bobcat Soccer

The Bobcats of 1980 were a team with a new and exciting future. The reason was simple. This year under the guidance of first year coach Michael Coyle (U.S.S.F. 'B' License) Biscayne set its goals high and worked hard to achieve them. With six returning starters, 4 explosive freshmen and a junior college transfer, the Bobcats looked excellent on the field. Although Biscayne was a very young team their enthusiasm, determination, and hustle more than compensated. With the leadership demonstrated by Co-Captains Tim Hoegler, Brian Groden, and Jack Kardys, their confidence matured with the season. The Bobcats completed its fourth and first winning season. They compiled a 9 win, 7 loss record in their first good year. The team played such great, big-city teams as the University of Baltimore, and rivals of the caliber of the Florida Institute of Technology, and Stetson University. Coach Coyle says their highlight of the season came when they beat their arch rival, Stetson University, for the first time by a score of one to zero. Our Bobcats beat Stets. on both times they played this year. In placing third in Biscayne's Conference, Coach Coyle says "the team made important gains". This year's great soccer team was mostly sophomores, which means the team will be even better in the coming years as they gain experience.

Coach Mike Coyle

Left to right bottom row: Dave Parker, Eduardo Diaz, Greg Leighton, Ernie Benitoa, Enrique Duboy, Harold Watson, Danny Wollent, Dion Fonseca, Tim Quinn, Glenn Hart. # Cross Country

1980-81 was the first year in which Biscayne College sponsored a cross country effort. This was a non-scholarship team, made up completely of dedicated runners who wanted to make Biscayne #1. Their coach, Roger Miller, says that the most serious problem for the team, was a lack of participants. Not many students could hack the grueling practices, and only the most disciplined, fittest students stayed on the team. However, running 10 miles a day paid off for Cathy Pallavicini who made All-Conference, and for Donna Garlinghouse who also won numerous awards. The coach said "although not many people could make the team, those who did really succeeded". It takes a lot of self-motivation to be on the cross-country team, and the team is eagerly awaiting next year's season.

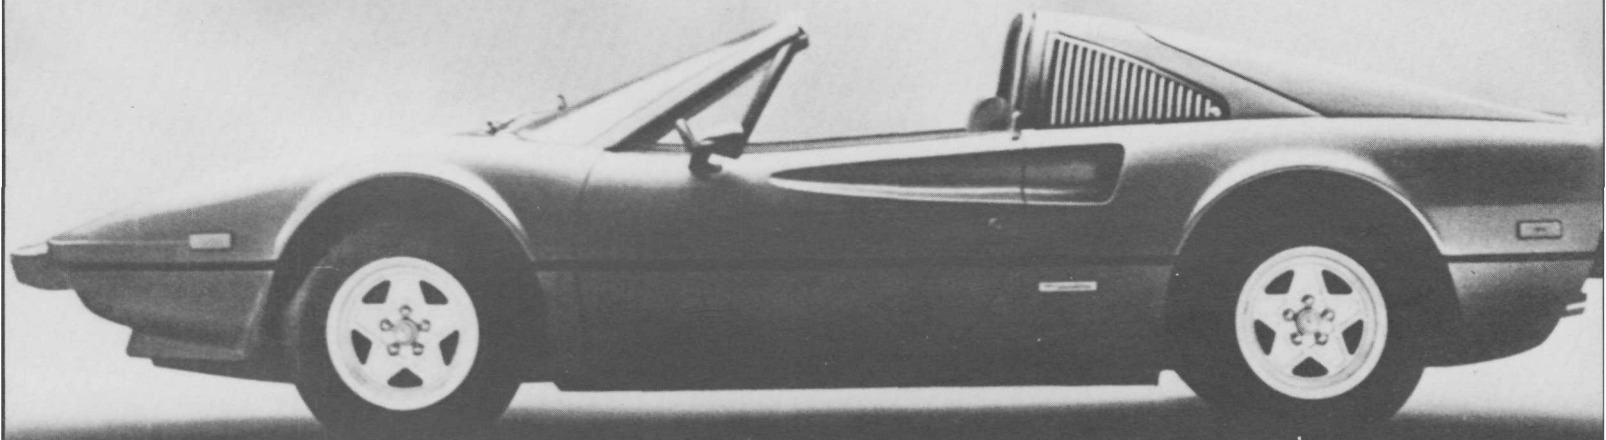

We were unable to photograph the Cross Country Team, but our photographers caught them running.

## Circle K

Circle K is the world's largest collegiate service organization, represented by over 700 clubs located on campuses throughout the Western Hemisphere. It is composed of students who wish to become actively involved in community concerns via service projects and activities. As an organization Circle K does not limit itself to one or two particular service activities. Members also participate in social events, learn leadership skills, work with business and community heads, and form long-lasting friendships while striving toward a common goal — and having a great time doing it. The Circle K Club of Biscayne College has been involved in such projects as tree planting on campus, raising money for various disease related organizations such as Cystic Fibrosis, Cerebral Palsy, and many others. An aluminum recycling bin was constructed on campus to show Circle K's involvement with ecology and the conservation of human resources. Social activities include sailing trips on Biscayne Bay, conventions, cookouts, and our ever popular parties. Circle K is a service organization dedicated to the college and community and making that service enjoyable and meaningful.

*This year nearly all the R.A.'s were new. Working with Brad Williams, the Housing Director, they have brought many good changes to dorm life.*

## Resident's Life Council

*It should be brought to everyone's attention that at Biscayne College there is a group of individuals called the Resident's Life Council. Exactly what is the R.L.C., and what do they do? The Resident's Life Council, directed by Brad Williams, is a group of resident students who have taken an active interest in the residential life at Biscayne. It is a group of students who meet every other Monday, working together in making the dorms a better place to live in. It is a group to which one can present their problems, and where one can find some answers. The "Main Event" was put together by the R.L.C., they also helped lift curfew hours. The "Midnight Breakfast" was also organized by the R.L.C., and they work hard to bring more activities to the students. All in all, it is a group of hard working individuals trying to make Biscayne College even better!*

*The members of the Resident's Life Council are: Lisa Di Dio, Andre van Meeteren, Joanne Valeri, Gerard Dublin, Fred Williams, Bob Donovan, Brad Williams, Sheryl Clarke, Mike Kline, Jim O'Neill, Bob Restivo, Sister Carmelita, Wendy Babel, Erphengorph Hamilton.*

## Barbell and Nautilus Club

*The Barbell and Nautilus Club is an experimental club founded by Tom Meany, Brian and Kevin McGrail. The club originated because of a general student interest in weight lifting and physical fitness. Thanks to Don Shula, coach of the Miami Dolphins, the Nautilus Club was allowed to use the Dolphin weight room free of charge the fall semester of 1980. Biscayne College plans to make an arrangement with Don Shula for the permanent use of the Dolphin weight room in the future. Biscayne students were allowed to use the weights from 7 to 9 p.m. Mondays, Wednesday, and Fridays. This schedule did not conflict with the Dolphin's use of the room. The only cost of membership was an initial ten dollar deposit, to insure the equipment against harm. This deposit was refunded to all sixty members at the end of the semester. If interest continues, the future looks very bright for the Barbell and Nautilus Club.*

# Political Action Club

The Political Action Club is organized in order to give Biscayne students an opportunity to learn from each other. By sharing their viewpoints on various political subjects on the national, state, and local level, members of the Political Action Club expand their knowledge of the U.S. political spectrum. The club also discusses international events in its weekly meetings at the Campus Ministry. This year the Political Action Club sponsored debates concerning the plight of farm workers, alternate energy resources, gun control, illegal aliens, and on environmental conditions. The club also conducted a Presidential Election Poll which was published just before the Presidential Election. The club is run by an elected executive committee. This year it consisted of Teresa de la Guardia, Joe Gulino, and Raul Fernandez.

The Political Action Club meets in the Campus Ministry.

# *Knights of Columbus*

*Three Knights: Kevin Geier, Butch Di Orio, Carl Nyberg.*

*The Knights of Columbus were founded in 1882 as an insurance agency for Catholics. From there it developed into an organization of Catholic men. The Biscayne Chapter is headed by Dan Ninestine and sponsored by Father Edward Sullivan. During Christmas, the Knights helped distribute toys for needy children, and participated in other programs. The Knights have also held parties during the year, and a Christmas dance on December 6. For membership information contact Fr. Sullivan.*

Biscayne's newest and most exciting student organization emerged on campus in September 1980. P.K.T., one of the largest national fraternities is a brotherhood of men dedication to 3 main ideals which are: the innate worth of the individual, democratic process, and Christian ideals. While new on the B.C. campus, P.K.T. is celebrating 75 years of brotherhood, founded at Miami University in Oxford, Ohio on March 17, 1906. One of the most dynamic and progressive national fraternities, the Biscayne Chapter promises to bring excitement, honor, and pride to Biscayne College in pursuit of our goal to serve and enhance the entire campus community. The Biscayne Chapter membership hosts a wide diversity of men. The local founding inspired by Biscayne's chief legal counsel, John F. Cosgrove, will serve as a bastion to the development of student activities with plans for a successful intramural program and wide and varied social programs. P.K.T. will strive towards increasing the respect of Biscayne College within the intercollegiate world. P.K.T. provides a chance for leadership and responsibility to all men in a living, learning relationship. The brothers of Phi Kappa Tau invite you to experience fraternity life at any of our recruitments and social events. **Check us out! ## *Biscayne's Bi-Lingual Campuses*

*The roots of Biscayne College are in Cuba, where the Augustinian Order had a private institution called Universidad de Villanueva. In 1961 the revolutionary regime of Fidel Castro expelled the Villanueva clergy from the island.*

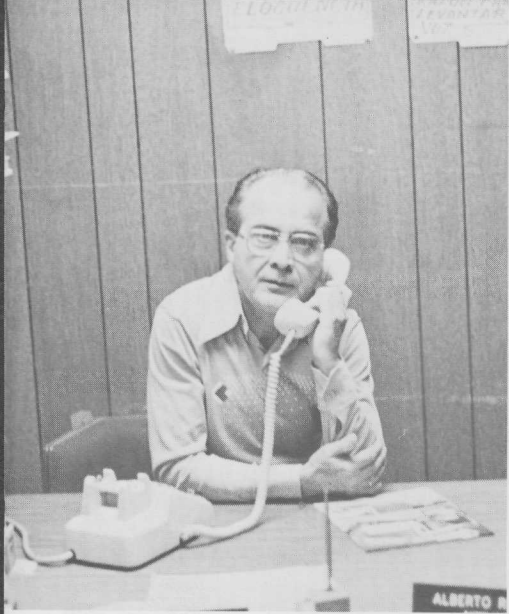

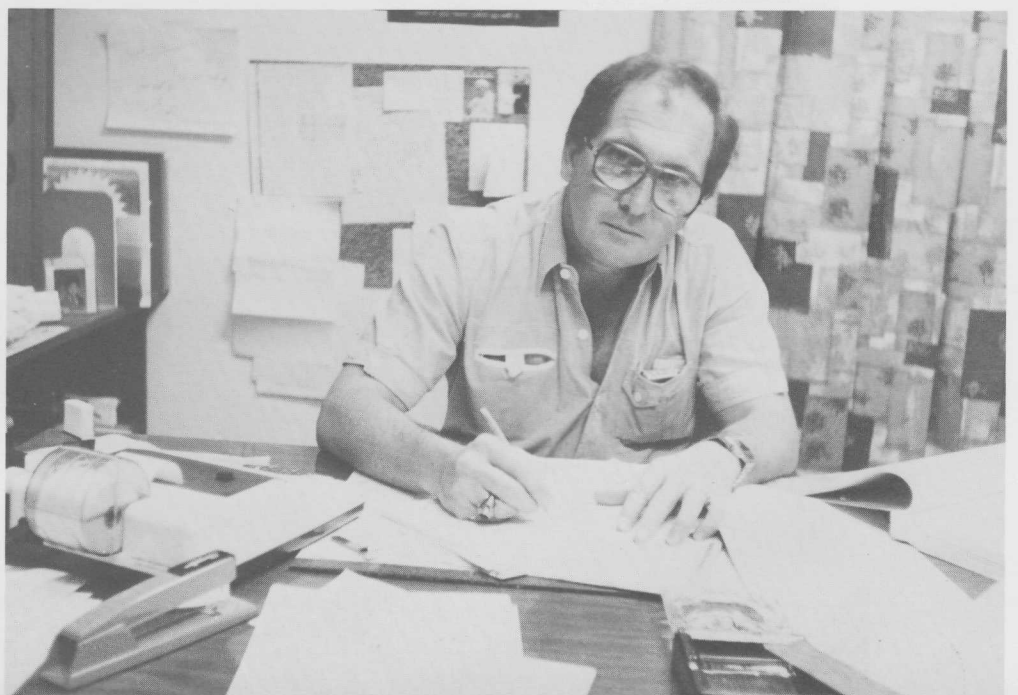

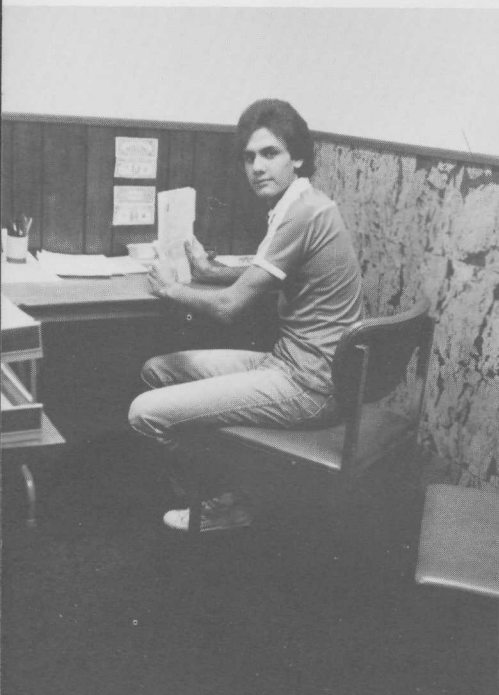

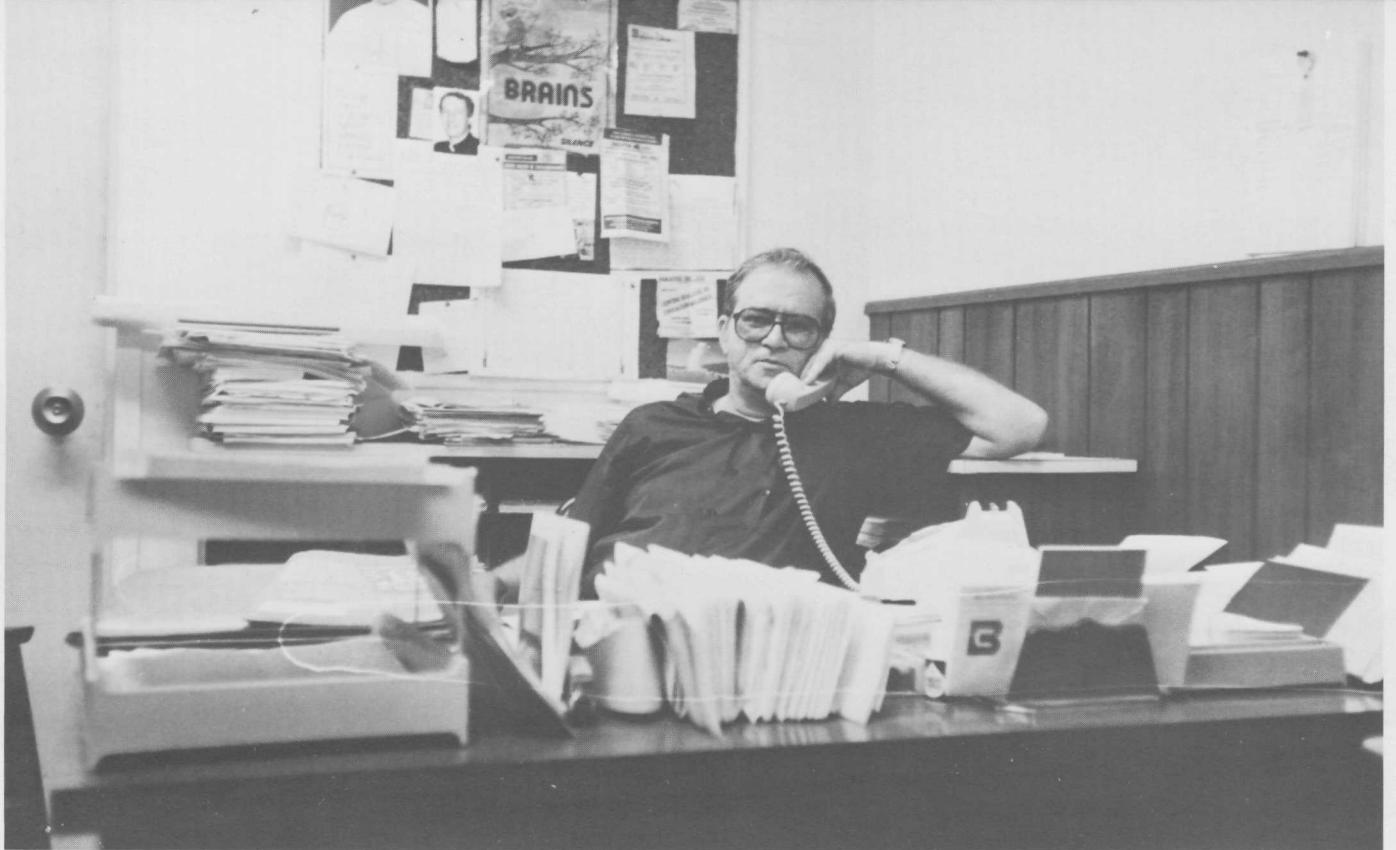

*But the Augustinians were not idle for long; Bishop Coleman Carroll offered them the opportunity of administering a new college in Miami. Approximately ten years later, in 1972, the established facility in Opa Locka expanded its services to the growing Hispanic community. Today, Biscayne College has three campuses dedicated to the education of Spanish-speaking students.*

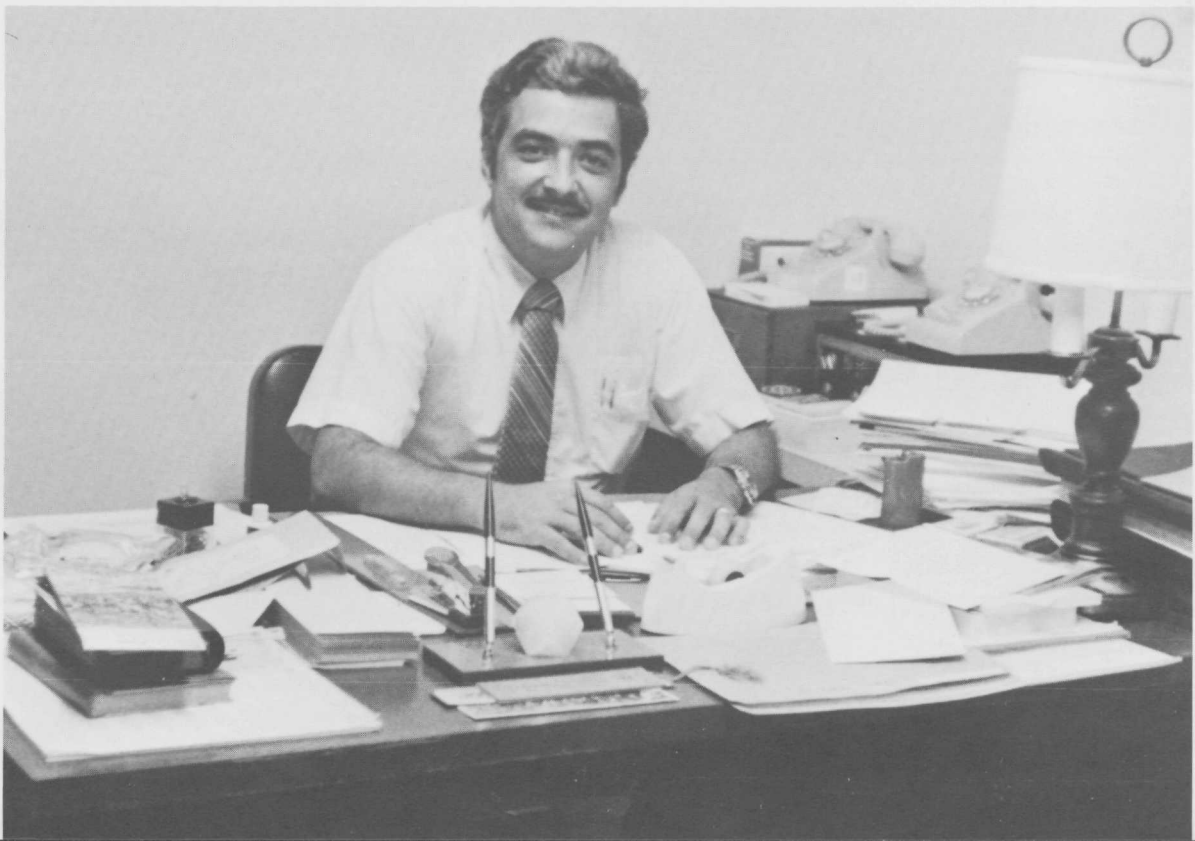

The Pan American, Villanueva, and Hialeah Centers of Biscayne College. Classes are held both in English and in Spanish. Student enrollment in these three campuses (appr. 2,000) comprises 50% of the total Biscayne student body. A bit of bilingual humor is offered at right, by the Miami Herald cartoonist (and Hialeah center student): FRESQUET.

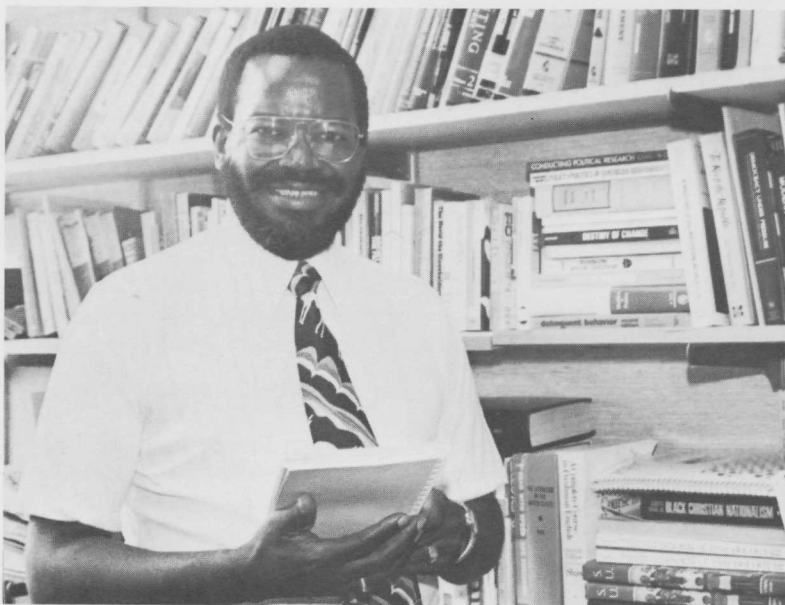

*The dean of all bilingual campuses is Fr. Francisco Rodriguez, O.S.A. (pictured above). Assistant Academic Dean, Elio del Canal (below), helps in administering the bilingual programs. # *A Note From Kris*

*I would like to first thank a few people for what they did, which meant so much to us. Nick, thanks so much for the camera lenses. Lou, thank you for all your support, you were on our side all the way, and thanks a million for the typewriter; without it . . . Fr. Cyril Smith deserves an honorable mention for all his patience with us.*

*Joanne, thanks for the sailing pictures and Jimmy, thanks for the basketball shot. Susan, thanks for getting the Kittens together on such short notice, and for volunteering to go to McDonalds for us. Lisa, thanks for the typewriter, it helped us meet our first deadline. Thank you Joanne, for your help with Resident Life; Ann for the help with Campus Ministry; Tim, for the help with Phi Kappa Tau and Glenn for Circle K. Fr. Gerry, thank you for coming through on such short notice. I'm also grateful to the guys in Cascia Hall for all of their "help". Without the help of all these people and so many others, our work would not have been so easy.*

*There are no words to express my appreciation to my staff and to Dr. Fernandez. They are the ones who made this book. Thanks for staying with me till the end.*
