COMMUTER

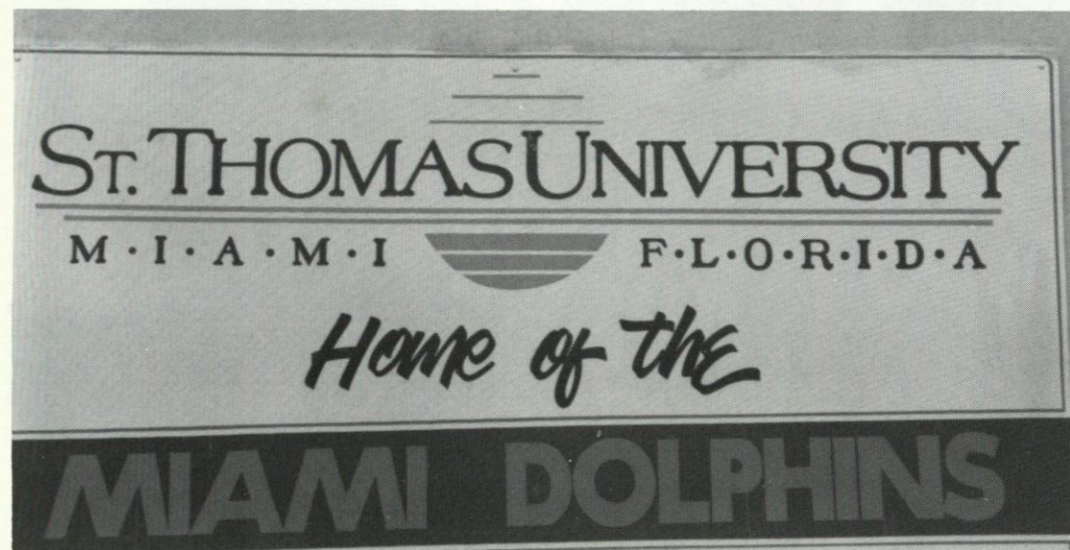

Get up early in the morning, take a quick shower, pick out some clothes, eat a fast breakfast, run to the car, run back in to get the books, run back to the car, buckle up, turn on the radio, fight traffic, Palmetto, to many cars out there, of the Palmetto, fight some traffic lights, arrive at the gate, finally made it to the parking lot, drive around, try to find a place to park, park the car, late for class, out of class, hang out for awhile, maybe a visit to the library, maybe lunch at the cafeteria, time to go home, back to the car, time to hit traffic again, the same thing every day . . .

RESIDENT

Get up, walk out into the hall, visit the bathroom, back out into the hall, step into the shower, out in the hall, back into the room, get dressed, breakfast in the cafeteria, if there is enough time, time for class, lunch at the rat, another class, finally out from class, back to the room, dinner at the cafeteria, back to the room, maybe a visit to the rat, another room, gathering place, library, computer lab, sneak in to the law library, back to the room, hang out for awhile, check the hall, do not feel sleepy yet, feel hungry Mc Donalds here we come, back on campus again, same thing every day . . .

CANDIDS

1993 was the year, when the Miami Dolphins left us.... So no more BIG guy's in the Cafeteria, no more of anything. And I know a student who came to STU just because of the Dolphins....

CAMPUS MINISTRY

St. Thomas recognizes that the best way to serve the Church is through the ongoing search for truth and the quest for excellence.

The office of Campus Ministry is staffed by a full-time priest (Father Blackwell) and secretary. Mass is conducted daily in the Chapel and twice a week in "The Gathering Place". You are invited to stop by the office in Kennedy Hall at any time.

"St. Thomas cares" is a program including tutoring at Golden Glades Elementary School, Collecting food and clothing for Camilus House, this is only one of many programs that Campus Ministry is sponsoring.

Campus Ministry is faithful to the Catholic roots of St. Thomas, but the office is sensitive to the ecumenical and interfaith dimensions of the University and seeks to meet the needs of the various religious convictions represented.

ORGANIZATIONS

To be involved in the community of St. Thomas is not

&

only a great learning experience, it also helps us to

THE INFORMER

Mass Of The Holy Spirit

by Dana Allen

On Monday September 20th, the Convocation Hall was filled with student leaders, faculty, and friends for the annual Mass of the Holy Spirit ceremony. The mass officially begins the academic year with prayer and thanksgiving, and it is a time-honored tradition both at St. Thomas and at Catholic colleges and universities throughout the world. This year's mass also served to welcome and acknowledge the new Student Government Executive Board, Senatorial Board representatives, and Presidents and Editors of S.G.A. clubs and organizations in a spirit of excitement and community-wide support.

Through this recognition participants came to realize that the driving force of any university is that of the students. It is they who collectively rep-

resent the diversity of their university, for the wealth of its knowledge is finally contained within each individual.

Father Ed Blackwell, Director of Campus Ministry, noted in his homily that, although everyone was gathered to give recognition to the student leaders for their roles, there is a higher leader who should have a larger role in everyone's life — God.

Father Gary McCloskey, O.S.A., Assistant Professor of Education and Chairperson of the Faculty Forum, ended the mass in grand fashion, with the official pinning of the S.G.A. Executive Board and the Senatorial Board members. Presidents and editors of clubs and organizations were recognized at the Mass of the Holy Spirit for the first time in the history of St. Thomas, each student leader receiving a Certificate of Appreciation.

CAREER DAY

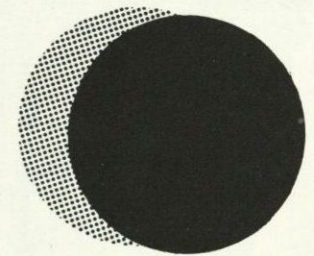

Jobs are not always easy to find nowadays. Therefore Career Day is a great opportunity to meet different employers even if you are not interested in working right now, while in college it is good to be aware of what the employers are looking for, and what they can offer.

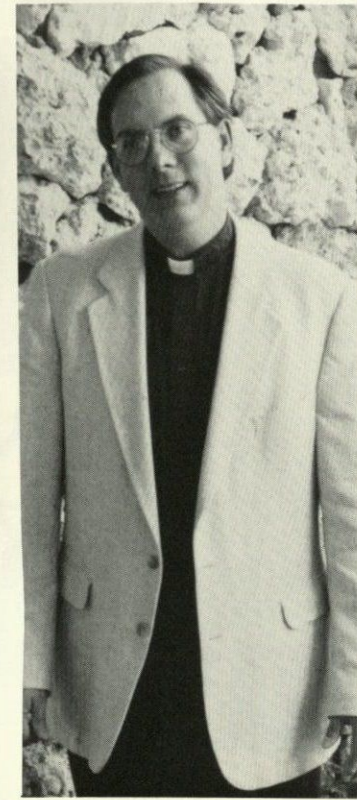

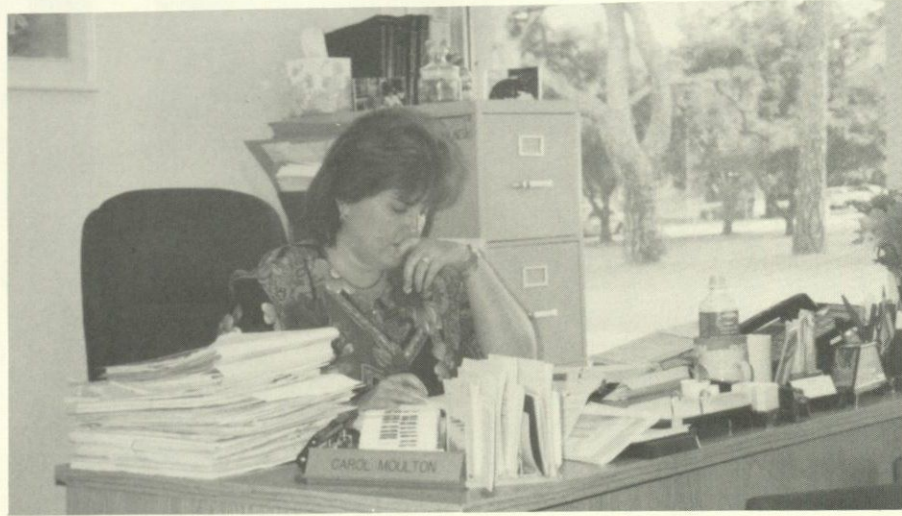

Some days are so LONG that it feels like they will never END.

Not everybody enjoys having their picture taken.

WORLD AIDS DAY

Wednesday, December 1st, was World Aids Day. This is a day set aside to remember and support those who have died of aids and those who are currently suffering with aids and their families. Aids affects everyone from those afflicted by the disease to their families, friends, co-workers, even students here at STU. Campus ministry and campus life arranged a special gathering by the pond in front of the library.

BOBCATS

THE BOBCAT

The Bobcat, *Lynx Rufus*, is a mammal in the cat family, Felidae, order of Carnivora. It is also known as the Wildcat and Bay Lynx. The Bobcat is about 28 inches long and large males may weight as much as 24 pounds. The long, soft fur is pale brown with blackish splotches. The face is much like that of the domestic cat, but larger. Bobcats live in forests and on plains from southern Canada to northern Mexico (Everett Sentman).

BASEBALL

The 1994 baseball team will look to improve upon their impressive 47-11 record with solid defense and team speed. Under 2nd year head coach Jim Pizzolatto, the Bobcats are ranked #3 by baseball America in the pre-season polls. The Cats won their 3rd consecutive Florida Sun Conference title along with the first District Championship in the school's history. Pizzolatto was honored with the FSC coach of the year as well as the Florida Diamond Club's coach of the year in the Naia.

COMPETITION!

Name all the players on this page. Put the answers in an envelope and leave it in Logos mail-box before Nov, 1, 94. There will be one winner who will receive a secret price.

BASKETBALL TEAM ADVANCES TO NATIONAL TOURNAMENT

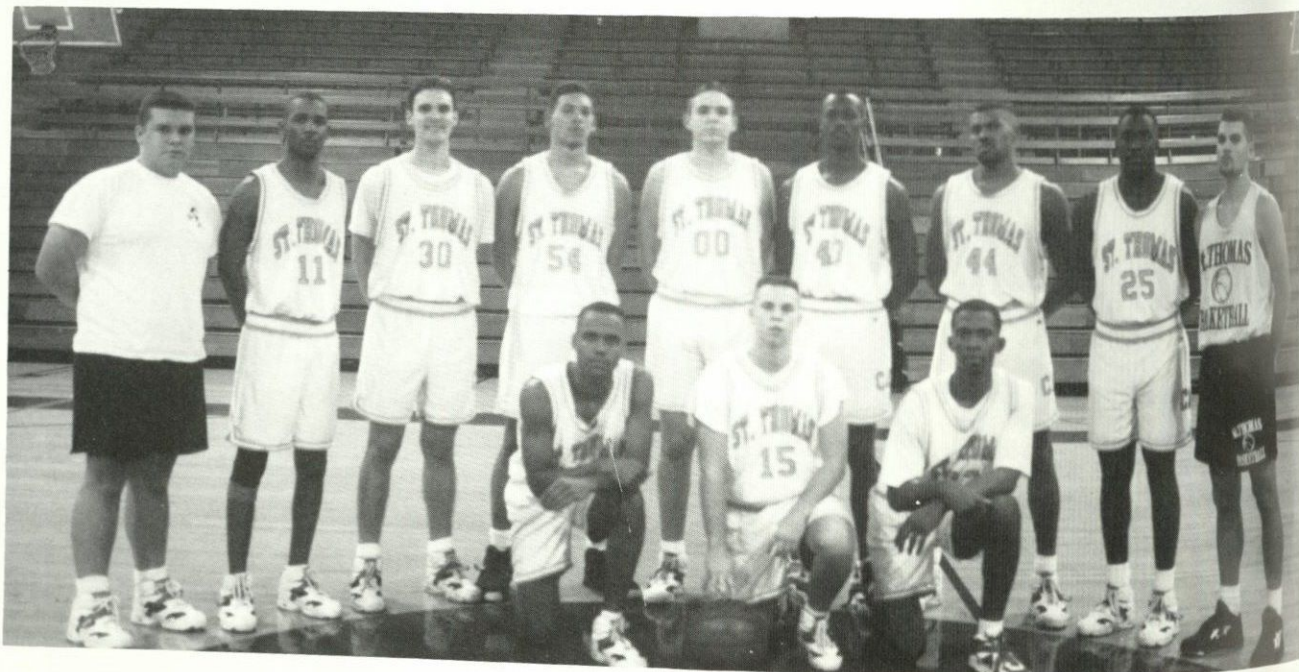

Seniors Demetrius Permenter and Bobby Jones, under second year coach Gary Tuell, guided the Bobcats to a 10-4 conference record. The Bobcat squad won the Florida Sun Conference Tournament in 3 games, with their final game against Nova Southeastern University. The defeat of Nova guaranteed the Bobcat team a berth in the National Division II NAIA Tournament in Nampa, Idaho. With the leadership of Coach Tuell, the team became the first in St. Thomas University history to advance to the National Tournament.

After receiving a #23 seed in the tournament, the Bobcats faced Jamestown College of North Dakota in the first round. Senior forward/center Bobby Jones got into foul trouble early in the contest. After leading 32-26 at half-time, the Bobcats lost 66-54.

This season, the team was led by seniors Bobby Jones and Demetrius Permenter. Jones led the team in conference play with 19.6 points per game and 9.2 rebounds. Permenter, an offensive play-maker, averaged 15.6 points per game with 4 assists per contest.

MEN'S SOCCER

With the completion of yet another successful season for the men's soccer team, there comes an array of post-season awards for the Bobcats. Head coach Barry Kaplan was named the 1993 Florida Sun Conference Coach of the year for the second consecutive season. The Bobcats finished 5-0 in the FSC with an overall record of 9-5-1, pushing Kaplan's two year record at STU to 21-12-2 and his career coaching record to 54-27-4.

WOMEN'S SOCCER

The Women's soccer team competing in their second season in 1993. With a starting lineup consisting of 6 freshmen, 4 sophomores and 1 senior, the Bobcats continue to play one of the toughest schedules in the NAIA. Our 1993 opponents included: Lynn University, NAIA defending National Champions; Barry University, NCAA Division II defending National Champions; and Florida International University, ranked number 12 in NCAA Division I pre-season poll.

The Bobcats began the season traveling to Jackson, MS to play three games in four days over Labor Day weekend. Led by Seniors Sheryl Binney and Kirsten Willwerth, the Bobcats fought their way to a 2-1 start. However, the Bobcats then returned to the tough South Florida competition and compiled a 4-9 season record. The 1993 season ended with a loss to Lynn University in the first round of the playoffs.

By: Michael Mominey

WOMEN'S TENNIS

As my first season begins as Head Women's Tennis Coach for STU, I have promising expectations for the Lady Bobcats. Although it is a rebuilding year for us, I believe that the dedication and hard work the players put forth will provide strength and leadership on and off the court.

All the players will return next year with the exception of Dana Allen, a senior, who has contributed a great deal the past four years. Dana will be missed. Our number one player, Jin Lee, will be a challenge at her position.

INTRAMURAL RECREATION PROGRAM

The program is open to all students at St. Thomas University. The director Mike Sprock is open to all suggestions that students might have concerning the program. Mr. Sprock has done a terrific job in getting students out there to participate in the program. A few of the activities that have taken place are, a sand volleyball tournament, a bench press contest, a soccer tournament, etc.

We are very happy to have Mike Sprock with us, and we hope that students continue to participate in the events. If you have any questions get in touch with Mike Sprock through the Athletic Department. See you out there . . .

Biscayne students seeking pleasure exactly the way we do!
Did anything change (the way we dress)???

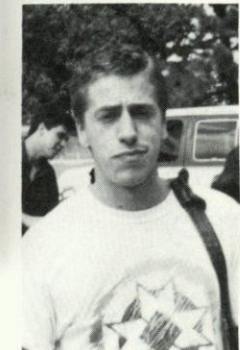

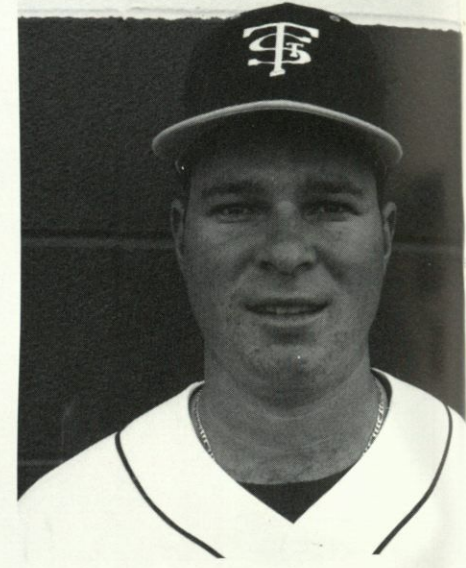

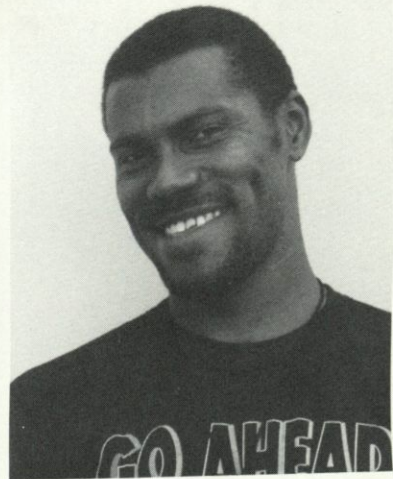

Our university was founded by the Order of Augustinian Friars in 1961 as Biscayne College. It traces its roots to the Universidad de Santo Tomas Villanueva in Havana, Cuba. University status was attained in 1984. Sponsorship was passed to the Archdiocese of Miami in 1988.

So this is the last page, of this years Logos. And I get to write what ever I want to write. So what do I write? Well I tried to do my best with this years version of the yearbook, I know that it is a bit different from the past years, but I hope that you all will like it. Every thing that could go wrong, went wrong. Ask my friends, they all saw me go crazy more than once. But life is a xxxxx, and then you die. I have learned to expect the worst, and nothing will surprise me ever again, yeah right..... What I remember the most of the year that have past, are a couple of things, I will only meantion a few; Most important are of course my dear friends, without THE GUY'S my life would not be as fun, as exciting, crazy ect. Also, the Rat, I'm glad that it is open again. I think that a lot of things have improved at our school the last year, and I'm sure that things will continue to improve in the future. The future is in the future, and I'll see you

there!

Sincerely,
The Editor, Cleo Loeffman
