The Monastery located in El Escorial

For the past several years the students of St. Thomas have had the opportunity to travel to Europe. One of the locations is in Spain in a little city called El Escorial. The students study at the University of Maria Cristina, and stay at the Hotel Miranda.

Editor's Letter

Dear Students, Faculty, and Friends:

As this 1997 school year comes to an end, I must say I am happy to be done with the Logos Yearbook. It has been difficult at times to be in four places at one time considering that Saint Thomas University has events going on simultaneously. I must say it has been an experience! I would like to thank those of you who helped out taking pictures, donating pictures, and participating at school events. Also I must give a big thanks to Katheryn Hicks-Smith, Steve Condon and Toni Mountain. They have been a great help in participating with this year's Logos Yearbook. I especially thank Katheryn Hicks-Smith for her cooperation in helping me take pictures at school events.

I would also like to thank my family, friends, and especially the Vazquez family. Without your help, love, patience, guidance and encouragement nothing that I have been able to accomplish at Saint Thomas University would have been possible.

Future graduating students who still have three, two, or one more year to go, hang in there and I hope that your experience at Saint Thomas University will be one to remember!

Graduates and Seniors: **"When you come to the edge of all the light you know, and are about to step off into the darkness of the unknown, faith is knowing one of two things will happen: There will be something solid to stand on or you will be taught how to fly."**

Barbara J. Winter

Your Editor,

Dayami E. Alvarez
